

# CSABA

For over three decades Stern has designed and manufactured electronic, touch free, water saving sanitary products for commercial and residential consumers around the globe. Stern is constantly researching new solutions with a focus on developing green and water-efficient sanitary products. Stern provides top quality hands-free products for the ultimate germ free environment while breaking design barriers.

Contact-less sanitary products operated by IR sensor have revolutionized how we use soap and water. Our new line of Csaba faucets give users the ability to choose from various water saving options while the matching Csaba soap dispenser enables the user maximum savings by allowing control of the soap dosage, whether you're looking for custom commercial lavatory solutions or hospital and healthcare facility fixtures.

Csaba, our newest addition to our line of deck mounted touch-less electronic faucets and matching soap dispensers are available in a variety of colors and special finishes. Created with state-of-the-art electronics in heavy-duty, solid brass for unsurpassed performance and durability to withstand high-traffic locations. The Csaba range provides dependable use year after year, with a modern design that enhances any commercial restroom.

## Csaba Faucet

This electronic deck mounted faucet is operated by an IR sensor that is concealed in the spout. The Csaba faucet is powered by IP67 dual power input box that allows the faucet to be used with a 9V battery or a 9V transformer and incorporates an integrated back up system to be used with 9V lithium battery enabling the faucet to be used normally in case of power failure. In addition, the sensor settings are customizable by remote control.

**Installation:** Deck mounted

**Power Supply Options:**

- IP67 Dual power input box with a 9V battery (battery not included)
- IP67 Dual power input box with a 9V transformer

**Operating pressure:** 0.5 - 8.0 BAR (7 - 116 PSI).

With a pressure over 8 bar, use a pressure reducing valve.

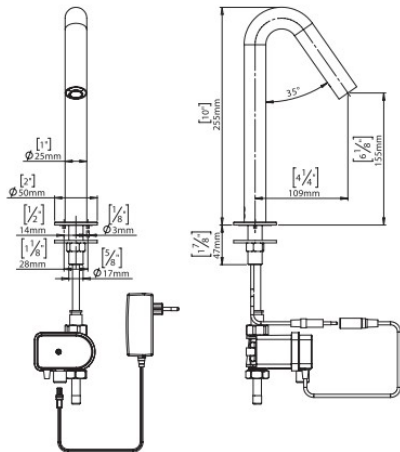

**Water supply:** Cold or premixed water

**Water Saving options:**

- 0.5 GPM / 1.89 LPM - PCA spray
- 1.0 GPM / 4 LPM - PCA spray

**Water temperature:** 70°C Maximum

**Security Time:** Auto shutoff after 90 seconds. adjustable by remote control

Special finishes available according to order quantity

## Csaba 1000 Faucet

This electronic deck mounted faucet is operated by IR sensor concealed in the spout and incorporates a thermostatic mixing valve.
