JohnsonSuisse
Bathroom Solutions

Origins

*21st Century,
marking time as a fast pace,
moving towards what was dreamt of in the past,
Where Science, Innovation and Technology are at
the service of well-being,
health and the future.*

*Stop time, look back.
Don't forget the origin, the source of your
creations:*

*"Earth, water, fire, and air.
Nature was and is the inspiration
of the future.
Without it, there is nothing."*

*At **JohnsonSuisse**, we are aware
of the value of nature.
Source of resources, of life,
of inspiration, of art.*

*There is no future without nature.
There is no creation without it.
Sustainability is the balance
Between advance and retreat.*

*Let us move forward, then, without ceasing
our greatest treasure.*

Our Origin.

The Company

Malaysia

50 YEARS OF LEAD

For over 50 years, **JohnsonSuisse** has been a leading brand name in the Malaysia sanitary ware industry providing homes, businesses and industries with a complete solution of bathroom products. In 2006, the company was acquired by Spain's ROCA Corporación Empresarial S.A.

Guided by its parent company the ROCA Group - one of the world's leaders in the bathroom industry, operating in over 170 international markets, **JohnsonSuisse** has become a major supplier of commercial sanitary ware throughout Asia Pacific, Middle Eastern and the Australian market.

Roca is constantly looking into enhancing and strengthening the **JohnsonSuisse** brand name and its presence locally and internationally. The **JohnsonSuisse** brand has become the reference point for consumers and professionals.

In 2016, Roca established a modern spacious 8,000 square feet Roca Experience Centre, showcasing the extensiveness of the **JohnsonSuisse** products. **JohnsonSuisse** sanitary ware are made from durable, scratch-resistant vitreous china, and are polished with high quality glaze, which carries a lifetime warranty against manufacturing defects. To date, **JohnsonSuisse** range of commercial and residential bathroom products are widely used in prestigious buildings, hotels and residential projects worldwide.

JohnsonSuisse is more than a bathroom solution provider. It's a space, it's an idea, it's an activity, it's the new lifestyle.

It's bathroom redefined.

The Beginnings

Milestones

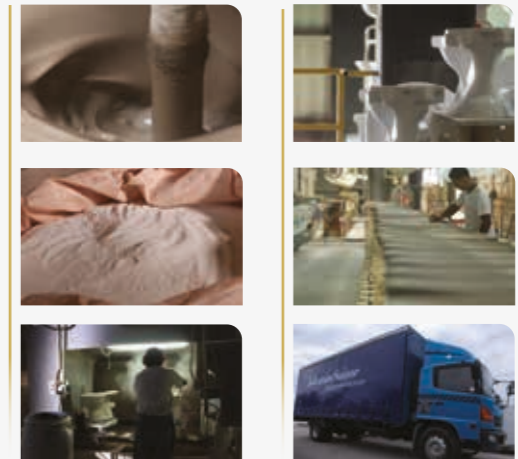

Research & Development

As time progresses, the new becomes the old. As such, research and development is never ending. Every day at **JohnsonSuisse**, we desire to be better than yesterday - to constantly raise the industry standards to evolve.

JohnsonSuisse invest a lot of time in research and development. Just as the sun would rise and set everyday, our commitment to constantly improve is unflinching. New designs and pieces are subject to tested to ensure it's usability, durability as well as its aesthetic value. Familiar and common pieces are revisited and revised. We are constantly changing for the better.

Finishing Touches & Quality

Certified Quality

JohnsonSuisse demanding research and design criteria to its products, along with strict certified quality control mechanisms. It has been a pioneer in obtaining different certificates and approvals that endorses our commitment to quality: approval for sanitary fittings, steel and acrylic baths, not only in Malaysia but also on an international level.

Export of **JohnsonSuisse** products to other countries are carried out following the requirements of the recipients country and after having received the approval of the quality certifies of the country of destination. Thus, apart from holding Company Registration Certificate, in compliance with the ISO 9001 international regulations, **JohnsonSuisse** holds those responding to the national and international regulations of the numerous markets where **JohnsonSuisse** is present and where it enjoys considerable prestige.

Energy Efficiency & Sustainability

Our factory production processes are governed by a systematic series of sustainability measures applied to all our products.

We take care of the details of all materials used, always respecting the environment and all living beings on the planet. Such actions are applied to all our production processes and eventually to all our products. Our tap-fittings feature innovative water saving systems such as flow limiters, which reduce the unnecessary use of water and save money, one of our most precious resources.

Environment Protection

Our products comply with the necessary requirements to qualify for certificates such as Green Category. We encourage the responsible use of water and natural resources. More and more **JohnsonSuisse** products include these improvements in the field of sustainability.
